Echoing Celluloid

THE SHOW CONTINUES

With cherubic smiles and head held high we inaugurated the much awaited event 'Filmsaaz'10'. It is a delight to see the glorious eyes and lighted faces of all the organizers of University Film Club. With the lightening of the globe, *the Filmsaaz'10 is on.* The eventful 'day one' of Filmsaaz'10 witnessed a hall full of audience, and obviously some undaunted commentary. And that's where we come in, it is a big part of our job to be a stepping stone for the budding film-makers onto that world of movies which is still unexplored, so that they may move ahead with Filmsaaz being instrumental in their success. Well all we can say is those who are attending this event are one of the fortunate few within the range of the festival premises. So the horizon may not be the end and lets make this event a remembrance on paper.
