Echoing Celluloid

THE SHOW MUST GO ON....

Let me not call it an end, but the beginning in the life of all those who could make the best out of this prolific event. Not much to anybody's surprise, but as the obvious thing, this event turned out to be the most glorious event. Undoubtedly, we have much more potential stored in the future, yet to be revealed. The 'day two' of Filmsaaz'10 was much abuzz with all undertakings. However, today as the destiny unfolds the event, for some it may turn out to be a 'dream come true'. We aim to make our film festival instrumental for amateur, vital and alive film-makers. And three cheers to UFC's scrupulous members for making it a success. All well and good -- but we have to go even further than that. No doubt UFC is awash with emerging talents.
